

Adult Summer Reading 2017: Build a Better World, June 3-August 12

Register in Person Between June 3 and July 7

Welcome to our Adult Summer Reading Program. You must be 18 years of age or older, and be an Auburn Hills Library Card holder to participate. The theme for Summer Reading is “Build a Better World,” so our program is focused on more than just reading. We want to have an impact on our community and we need your help.

Participate by:

- 1) Reading any book (Must provide a book review)
- 2) Reading one of the books from the Build a Better World book list (Must provide a book review)
- 3) Attending an adult summer reading program (Must have registered on Evanced for program)
- 4) Doing a community service activity (Must provide signed volunteer form)

All participants will be offered an entry prize, have the opportunity to win a partial completion prize, have the opportunity to win a completion prize, and if you complete the program you will be entered into a drawing which could land you the Grand Prize. Here is how to qualify:

Sign-up Prize

- Upon sign-up you will be awarded the sign-up prize.

Partial-Completion Prize

- Read 5 books, write a review of each books, and attend 1 program

Completion Prize

- Read 10 books, write a review of each book, and attend 2 programs

Grand Prize Drawing

- After earning your completion prize turn in your book and program lists to be entered into our end of the year prize drawing.
- This prize drawing will have several items and will end with the drawing for the grand prize.

Volunteer Work Drawing

- A separate drawing will be held for participants who perform volunteer work and provide proof by filling out the volunteer form.

All participants will be emailed a completion survey at the end of our Summer Reading Program in August. The Auburn Hills Public Library appreciates all feedback and responses. We want to know what aspects of the Summer Reading Program you liked, what you didn't, and where we could improve. Thank you for your help in improving our Library.
